Basin Units

The generous flat fronted ceramic basins complement the classic styling, while providing ample wash space regardless of size. There is a choice of freestanding basin units with sizes suitable for cloakrooms as well as family bathrooms. If you wanted to create a truly classic feel, why not opt for an underslung basin unit, especially when used together to create a statement 1200mm double basin unit. The Lansdown range features traditional cabinetry techniques, using 5 piece door construction with tongue and groove side panels. All units feature soft close doors.

There is also a semi-countertop basin unit which allows Lansdown to be assembled in a run with a worktop for a more fitted furniture look.
