## Our Story GREAT BRITISH HERITAGE

Appropriately founded in the home of bathing,
Roper Rhodes was established in 1979 in the beautiful city
of Bath, which we still call our home today. It's been over
40 years since then where we have grown and changed
along with the city. Furthermore our passion for design,
ingenuity and creativity has never been stronger.

Our products are made with consideration as well as stringently tested to ensure uncompromising performance and durability. Such is the confidence in our designs that our ranges are covered by extensive guarantees for your peace of mind. For example you can relax knowing you will receive a 20 year guarantee against defects in manufacture on sanitaryware and 10 years on our furniture.

We have a rich history but are also obsessed with product development; constantly innovating, with each new product launch seen as an opportunity to improve the lives of our customers. We work on the basis that every aspect of the life of our products must be considered, challenged and designed to be better. This approach has resulted in us having a market leading product innovation vitality score.

## Our People GREAT BRITISH DESIGN

For over forty years, we at Roper Rhodes have striven for bathroom perfection. Our dedicated team has grown from just one man to a group of people obsessed with all the little details that go into making your dream bathroom.

At every step of the way the customer is at the forefront of our minds. Starting with our product designers, who are always in search of how they can improve the bathroom experience. Push-button showers and contactless flushing are just some of the innovations to come from our team of designers.

Once a product has been made, it finds itself within our impressive 200,000 Sq ft Distribution Centre on the outskirts of Bristol. Here we run a twenty-four-hour operation to guarantee you the best delivery and service we can.

We believe that beautiful bathrooms come from our people, who's inspiration and dedication have made Roper Rhodes what it is today.

## HOW TO GET THE LOOK with Zoe Jones

## BE INSPIRED

Our in-house stylist Zoe gives you her tips on how to achieve the fluted style in your bathroom.

Whether through glass, tile, or furniture, textured surfaces lend depth and sophistication to a room. For this look, we paired our white fluted Scheme furniture with a black round countertop basin and a statement Link mirror to create a contrast of colour and shape. The result is quiet luxury at its finest.

'Create points of interest in your bathroom by offsetting fluted surfaces with sleek brassware, hardware, and accessories.'

## SCHEME - ONE RANGE, TWO STYLES

#### Define your unique Scheme bathroom

## IN FIVE SIMPLE STEPS

Our Scheme range offers complete flexibility, you can tailor your choice to fit your needs exactly. Choose your unit size, create a style statement by selecting from different basin options, an array of on trend finishes & coordinating handles. Complete your Scheme bathroom with a choice of optional extras. For further inspiration for potential bathroom layouts, designs and configurations see pages 54-67.

#### THE PERFECT UNIT STYLE & SIZE

Choose from our slab of fluted style units. Consider your bathroom space, if you have a larger room our 1200 slab units will make a spectacular focal point however if your bathroom is smaller our 500 or 600 units are the ideal solution.

SLAB - Choose from 500, 600, 800, 1000, 1200 or a compact cloakroom unit

**FLUTED** Choose from 600, 800 units

#### YOUR FINISH OPTIONS

With a choice of seven contemporary finishes you can match or contrast to anything for your new bathroom design. The colour palette offers a full spectrum of on-trend neutral painted colours in matt and glossy options.

#### SLAB FINISH OPTIONS

#### FLUTED FINISH OPTIONS

#### CHOOSE YOUR BASIN STYLE

To define the overall style of your unit, next choose your preferred bathroom basin. With a wealth of options there is sure to be something to meet your requirements. Choose from a sleek full width ceramic basin, a modern, premium hotel inspired Isocast basin with practical workspace on either side, or choose a counter top basin with worktop design. For the full range of Scheme basins options see page 66.

#### COMPLETE THE LOOK OF YOUR UNIT

Add the perfect finishing touch to your unit with one of our stylish handles, available in a host of shapes, sizes and finishes, including chrome, brass, matt black and colour matched handles. Fluted furniture can only be used with one handle style see page 64 for full details.

LIGHTING

Drawer edge lighting kit options available, see page 65 for details

MIRRORS & CABINETS STORAGE

Choose an illuminated mirror, or for some additional storage space add an over basin cabinet, see page 65

Add a storage column to your bathroom layout to give lots of additional useful storage space, see page 65

DRAWER BOXES

De-clutter your bathroom by adding additional storage boxes to your unit. Available as a set of two, see page 65

## SCHEME - FLUTED

Dial up the style of your Scheme furniture unit by choosing our alternate fluted front door style. These clean lines add texture to your space in an easy yet impactful way. Choose from one of four stylish finishes, from minimal matt white to super on-trend juniper green. Pair the units with colour matched handles or choose to from black and chrome options for a contrasting look.

- Fluted door style to give your furniture a unique look, paired with sleek colour matched handle for complete cohesion. Avaiable in two sizes 600 & 800mm
- Built-in drawer dividers and optional beech storage boxes
- Optional lighting kits. Providing a blade of light along the top and bottom edges of the drawers as well as lighting up the top drawer
- Soft close drawer runners and door hinges giving a smooth, quiet closing action and luxurious feel

Fluted range of pendant lighting or wall lights to complement Scheme furniture. See page 266

## SCHEME - MIRRORS, CABINETS & LIGHTING

Bring your bathroom to life with our choice of Scheme mirrors and cabinets, designed to perfectly complement your Scheme furniture. Both feature LED adjustable lighting to give you that bright, morning boost or set a soft, evening mood. With sizes to match your furniture units for a stylish, coordinated look.

Make your furniture glow with our Scheme lighting kit. Simply touch the hidden on/off sensor to create an elegant blade of light along the top and bottom drawer edges. Perfect for setting the mood, or helping you find what you need.

#### Unique Furniture

## SCHEME - STORAGE

For extra storage, why not opt for our coordinating wall column – perfectly colour matched to your furniture with ample internal. Keep it simple with a door overlap for opening or match with the same handles chosen for your scheme unit.

Our wooden drawer dividers too add practicality to the bathroom, helping to keep all of your bits and bobs in place.

Complete your System bathroom with a choice of optional extras. For further inspiration for potential bathroom layouts, designs and configurations see pages 72-81

#### THE PERFECT UNIT SIZE

Firstly assess your bathroom space and choose the basin unit size to best suit. There's wall mounted options in 500, 600 or 800 widths, with two soft close drawers providing practical, accessible under-basin storage. There is also a compact cloakroom unit option.

#### YOUR FINISH OPTIONS

A choice of seven contemporary finishes for System means that you can match or contrast to anything in your bathroom design. The colour palette has been chosen to give a full spectrum of on-trend neutral painted colours in matt and glossy options.

Matt carbon Juniper green Umbra

#### CHOOSE YOUR BASIN STYLE

Next you should select your basin preference. This will really change the overall style of your unit. The System range has a wealth of options, there is sure to be something to meet your requirements. Choose from a

sleek full width ceramic basin, a modern, premium hotel inspired Isocast basin with practical workspace on either side, or choose a counter top basin with worktop design. For the full range of Scheme basins options see page 79.

#### COMPLETE THE LOOK OF YOUR UNIT

Add the perfect finishing touch to your unit with one of our stylish handles, available in a host of shapes, sizes and finishes, including chrome, brass, matt black and colour matched handles.

LIGHTING

Find everything you need in your drawers with the movement-activated, battery-operated light. Easy to remove for charging via USB, see page 80

MIRRORS & CABINETS STORAGE

Choose an illuminated mirror, or for some additional storage space add an over basin cabinet, see page 80

Add a storage column to your bathroom layout to give lots of additional useful storage space, see page 80

DRAWER BOXES

De-clutter your bathroom by adding additional storage boxes to your unit. Available as a set of two, see page 80

### SYSTEM

System is a flexible range of furniture with a wealth of possibilities; every detail can be tweaked to perfectly suit your space & style. With its softly rounded corners & smooth lines, System will turn the daily routine into a pleasurable experience. With a wide selection of unit sizes, basins, stunning furniture finishes & handle options, this is modern design at its best.

- Smooth, curved unit design
- Your choice of finish, basin and handles to personalise your unit
- Coordinating mirrors and cabinets available

### SYSTEM - BASIN OPTIONS

The polished, minimal form of our basin designs work perfectly when combined with System furniture. Choose from sleek, single-mould isocast or classic ceramic in a range of sizes to suit your System basin unit. Or go bold with one of our stylish countertop basin options, for a truly unique look.

- Smooth, ceramic System basins designed to perfectly match your furniture
- Isocast basins inspired by high end premium hotels provide a slimmer look and useful extra surface space in the bathroom
- Countertop basins make a statement to create a true centrepiece in the bathroom

## SYSTEM - MIRRORS, CABINETS & LIGHTING

Coordinate your bathroom look by opting for one of our specifically designed System mirrors or cabinets. Available in a range of sizes to match flawlessly, with curved corners to create cohesion throughout. All are available with adjustable warm to cool lighting, helping you set the perfect mood whenever.

### Unique Furniture

### SYSTEM - STORAGE

For some much-needed extra organisation, opt for a set of our solid beech storage boxes; designed to perfectly fit within your furniture and help you keep everything in place. For even more storage we have wall cupboards, ideal for tucking things away and available in finishes to match your furniture unit.

### ROPER RHODES BASINS & WCs

### MATT OR GLOSS FINISH OPTIONS

Our sanitaryware collections are specially glazed to create either a high gloss or a smooth matt finish. Equally hygienic and easy to clean, our new matt white WCs and seats are ideal for contemporary bathrooms and pair especially well with our matt brassware options.

### AIR GAP TECHNOLOGY

All Roper Rhodes closed coupled WC cisterns are now supplied with air gap technology, they also benefit for a WRAS approved inlet and flush valves, and have a built in silencer to reduce water fill noise levels

### 20 YEAR GUARANTEE

At Roper Rhodes, we pride ourselves in offering high quality products that are built to last, even in the hectic and high traffic space that is the bathroom. That's why all of our basins and WC's benefit from a 20 year guarantee. We provide a 10 year guarantee on seats and 5 years on cistern fittings.

### Close Coupled WCs

# FLUSHING SOLUTIONS

### CLOSE COUPLED SENSOR FLUSH KITS

With a simple wave of the hand, hygienic, contactless flushing is now here for close coupled WCs. Two sizes are available depending on the size of the flush button hole in the cistern lid. The button kits have been designed to retro-fit to existing WCs which have paddle operated flush valves. For cisterns which have pneumatic or cable operated flush valves, or where the button screws in directly to the flush valve, then the flush valve will also need to be swapped to our TR9033 valve which has a 2" base.

When upgrading an installed Roper Rhodes cistern the following ranges will require the following items to operate correctly

- Paradigm Flush button kit TR9032
- Cover Flush button kit TR9031 with valve TR9033

Alternatively, you can purchase your new close coupled WC cistern with the sensor flush kit included.

# CREATE YOUR OWN SHOWER If our shower packages don't suit your requirements then you can design your own shower to meet your own specific needs & style. The guide in this section will help you select the right thermostatic valve for the job. Then browse the following few pages to select from the different shower components available & build a shower which is bespoke to you.

#### Make it unique

#### CREATING YOUR OWN SHOWER

#### CHOOSE HOW MANY FUNCTIONS YOU REQUIRE

How many functions would you like your shower to control? Our selection of valves give the option to choose from single, dual and triple function controls, see pages 188-229

#### SINGLE OUTLET

for single function valves to control a fixed head, handset or bath filler

#### **DUAL OUTLETS**

delivering water to two separate outlets for dual function valves to control two outlets, see options opposite

#### TRIPLE OUTLETS

delivering water to three separate outlets for triple function valves to control three outlets, see options opposite

BATH FILLER

SHOWER KIT

#### OUTLET OPTIONS FOR SHOWER VALVES

Once you have decided whether you want a single, dual or triple function shower valve (p188-229), next you need to decide what outlets you would like your system to control. Choose from the selection above, all of which are available from Roper Rhodes, see pages 234-243 for all available options.

#### BATH FILLERS

With a Smartflow bath filler, water runs into your bath through the filler rather than a traditional bath mixer tap. Mounted on the inside of the bath, the Smartflow acts as a combined filler and overflow and comes with a click waste. It can be used with a manual mixer valve as a simple bath filler, or connect it to a diverter valve to control both bath and shower outlets.
