ultimate corner: 2 single panels, 1 wall post, 1 front panel fixing kit, one fold away deflector panel on a connect2 tray.

# ultimate**8**

## Space efficient curved panel enclosures

These unique elegantly designed Bow Fronted walk-in enclosures are the perfect solution for smaller bathrooms or where wall space is restricted.

Combining 8mm curved toughened glass panels with Kudos Concept Bow Fronted shower trays, ultimate curved panel walk-in enclosures make an ideal bath replacement especially where a door or window position restricts the available depth of the showering area. Available in three sizes, to suit 1200mm, 1500mm, 1700mm curved trays measuring just 700mm at each end providing the bather with a generous showering area for comfort and enjoyment.

**Features & Benefits:**

+ Lifeshield™ easy clean glass coating

+ 3 Panel sizes in 8mm (700mm, 1000mm, 1200mm)
  for 1200mm, 1500mm and 1700mm
  bow fronted trays

+ 1950mm high exc. fittings. 1985mm high
  (inc. fittings)

ultimate curved corner with flat side panel, wall post,
L/H hinged deflector panel and concept bow fronted tray

# Ultimate deflector panels, fixing kits and colour finishes.

## Deflector Panels

Designed to contain the majority of over-spray and splashing within the showering area, Kudos ultimate deflector panels are available in three styles, each option is able to be retro-fitted and can be added at a later date if required.

Enjoy the pleasure and appearance of a walk-in shower even where space is at a premium. With the ability to fit a deflector panel it is now possible to create a functional and stunning enclosure even as small as 1200mm*.

A = Rec min access 500mm
B = 265mm

**Fixed Deflector Panel:**

Supplied with fixings to connect to standard fixing kit recess or corner. This 255mm fixed deflector panel provides a 90° angled barrier to prevent splashing outside of the showering area.

**Not suitable for use with angled or ceiling fixing kit. Not for use with curved panels**

A = Rec min access 500mm
B = 300mm or 400mm
C = 180° rotation for easy access

**Hinged Deflector Panel:**

Available in 300 and 400mm widths in both 8 & 10mm glass thickness, the hinged deflector rotates through 180° for easy access. Featuring heavy duty hinges with crystal clear seals for minimalist appearance. Available in both 8 & 10mm glass thickness and featuring heavy duty hinges and crystal clear vertical seal.

**Suitable for use with flat and curved panel enclosures and all ultimate fixing kits**

A = Rec min access 500mm

B = 300mm

C = 135° rotation stops at optimum position for maximum overspray protection

**Fold-Away Hinged Deflector Panel:**

Designed to fit neatly behind the front panel when not in use, the 300mm Fold-Away deflector panel stops at a 45° angle to the front panel when in use to provide the optimum protection from over-spray. Available in both 8 & 10mm glass thickness.

**Suitable for use with flat panel enclosures and all ultimate fixing kits**

**Note: All ultimate Hinged Deflector Panels are handed please suffix codes with LH or RH. All illustrations show Right Hand option.**

***Please note that whilst deflector panels will contain a significant amount of overspray they are not intended to be watertight so some water may leave the showering area (particularly with smaller configurations).**

## Fixing Kits

To secure your shower panel we offer a number of fixing options. For maximum stability we recommend the Standard fixing kit, available for both front panel and side panels. However, if it is not possible to use this style of fixing, we also offer an angled fixing kit in 2 sizes or a glass to ceiling support which can be cut to the desired length.

**Standard Fixing Kits**
Shown: Front panel fixing kit with side panel fixing kit. Each stabilising bar is 1000mm long and can be cut to suit. A 1500mm front panel kit is also available.

**Angled Fixing Kit**
Available in 300mm or 500mm options.

**Ceiling Fixing Kit**
Ceiling fixing bar is 600mm long and can be cut to suit ceiling height.

**See page 32 for suitability of fixings based on the configuration of your walk-in enclosure.**

## Colour Finishes

Kudos ultimate fittings are available in Chrome/Silver, Matt Black, Brushed Nickel and Brushed Brass. In addition Polished Gold, Polished Bronze, Brushed Bronze, Gun Metal and White are available to special order.

**Standard Colour Finishes**

Chrome            Brushed Nickel

Matt Black        Brushed Brass

**Special Order Colour Finishes***

Polished Gold     Gun Metal

Polished Bronze   White
Brushed Bronze    ***Special order items, please allow 8 weeks**

**ultimate 10mm over bath panels also available see page 68**

## 8mm Flat Panels

**Codes & Dimensions**

| Panel Sizes* | Product Code 8mm Glass |
|---|---|
| 400mm Glass Panel | 5WP400 |
| 500mm Glass Panel | 5WP500 |
| 600mm Glass Panel | 5WP600 |
| 700mm Glass Panel | 5WP700 |
| 760mm Glass Panel | 5WP760 |
| 800mm Glass Panel | 5WP800 |
| 900mm Glass Panel | 5WP900 |
| 1000mm Glass Panel | 5WP1000 |
| 1100mm Glass Panel | 5WP1100 |
| 1200mm Glass Panel | 5WP1200 |
| 1400mm Glass Panel | 5WP1400 |
| Glass to Glass Corner Seal | 5WPCS |

*Sizes shown are nominal. All panels are undersized by 45mm to allow for tiling when fitting to shower trays. When choosing your panel size we recommend allowing access of approx. 500mm.

*Ultimate flat panel walk-in enclosures can be fitted to tiled floors or most standard shower trays, however if fitting to a shower tray for complete peace of mind we recommend using a Kudos Kstone or the stunning connect2.*

## Curved Panels

**Codes & Dimensions**

| Panel Sizes* | Product Code |
|---|---|
| 700mm Curved Panel (for 1200mm tray) | 5WPCV700 |
| 1000mm  Curved Panel (for 1500mm tray) | 5WPCV1000 |
| 1200mm Curved Panel (for 1700mm tray) | 5WPCV1200 |

**Add 700mm flat panel to create a corner enclosure**
**Shower Panels for Space Efficient Enclosures (8mm only) ***

*Sizes shown are nominal. All panels are undersized by 45mm to allow for tiling when fitting to shower trays. When choosing your panel size we recommend allowing access of approx. 500mm.

**Designed to fit a dedicated Bowed Fronted concept tray. Ultimate curved panels can be fitted direct to a tiled floor, however unless the wet floor area is shaped to match the curve of the panel drainage may be impaired

**Fittings required for the SE enclosures, with the exception of the wall post, are the same as those shown for the equivalent flat panel enclosures.**

# Functional and stunning
# ultimate deflector panels.

## Deflector Panels

Designed to contain the majority of over-spray and splashing within the showering area, Kudos ultimate deflector panels are available in three styles, each option is able to be retro-fitted and can be added at a later date if required.

Enjoy the pleasure and appearance of a walk-in shower even where space is at a premium. With the ability to fit a deflector panel it is now possible to create a functional and stunning enclosure even as small as 1200mm*.

B

Front Shower Panel

A

A = Rec min access 500mm
B = 265mm

**Fixed Deflector Panel:**

Supplied with fixings to connect to standard fixing kit recess or corner. This 255mm fixed deflector panel provides a 90° angled barrier to prevent splashing outside of the showering area.

**Not suitable for use with angled or ceiling fixing kit. Not for use with curved panels**

C

Front Shower Panel

B

A

A = Rec min access 500mm
B = 300mm or 400mm
C = 180° rotation for easy access

**Hinged Deflector Panel:**

Available in 300 and 400mm widths in both 8 & 10mm glass thickness, the hinged deflector rotates through 180° for easy access. Featuring heavy duty hinges with crystal clear seals for minimalist appearance. Available in both 8 & 10mm glass thickness and featuring heavy duty hinges and crystal clear vertical seal.

**Suitable for use with flat and curved panel enclosures and all ultimate fixing kits**

C

Front
Shower Panel

B

A

A = Rec min access 500mm

B = 300mm

C = 135° rotation stops at optimum position for maximum overspray protection

**Fold-Away Hinged Deflector Panel:**

Designed to fit neatly behind the front panel when not in use, the 300mm Fold-Away deflector panel stops at a 45° angle to the front panel when in use to provide the optimum protection from over-spray. Available in both 8 & 10mm glass thickness.

**Suitable for use with flat panel enclosures and all ultimate fixing kits**

> **Note: All ultimate Hinged Deflector Panels are handed please suffix codes with LH or RH. All illustrations show Right Hand option.**
>
> ***Please note that whilst deflector panels will contain a significant amount of overspray they are not intended to be watertight so some water may leave the showering area (particularly with smaller configurations).**

# Ultimate coloured glass finishes creating the perfect enclosure.

## Coloured 10mm Glass Panels

## Over-bath panels

Based on the Kudos ultimate walk-in shower enclosure system, ultimate fixed shower panels offer a simple yet elegant solution to over-bath showering. Available in 4 panel sizes in stunning 10mm toughened safety glass with Lifeshield™ coating and a choice of fixings, you can create combinations to suit virtually all situations. Available in a number of colour finishes.

A retro-fit Foldaway deflector panel allows for smaller front panels to be fitted to give maximum access to the bath whilst ensuring that when showering the spray is contained with the bathing area.

**Features & Benefits:**

+ Lifetime Guarantee
+ 10mm Toughened safety glass with Lifeshield™ protection
+ Adjustment for out of true walls
+ Available in a number of colour finishes

## Two panel in-fold screens

Kudos Two Panel In-Fold Screens feature a 500mm fixed panel that is permanently fixed to the bath and a smaller 375mm in-folding panel which sits behind the fixed panel when not in use, allowing easy access to the bath.

When in use the two panels provide a generous 875mm showering area. High quality Click-to-Lock hinges secure the screen so it is positioned along the inner edge of the bath.

### Features & Benefits:

+ 6mm or 8mm glass options
+ Optional towel rail
+ Click-to-Lock hinges
+ SmartSeal technology
+ Lifetime Guarantee
+ Toughened safety glass with Lifeshield™ protection
+ Adjustment for out of true walls

## Three panel in-fold screens

The stunning Kudos Three Panel In-Fold Screen is the ultimate in over-bath showering protection.

The screen extends to 1250mm, yet folds to just 500mm when not in use providing the features of a relaxing bath as well as the benefit of an oversized shower area. Featuring unique Click-to-Lock hinges to ensure the panels remain in-line when in use.

### Features & Benefits:

+ 6mm glass option only

+ Lifetime Guarantee

+ Adjustment for out of true walls

+ Click-to-Lock hinges

+ SmartSeal technology

+ Toughened safety glass with Lifeshield™ protection

## Shower panel & integrated rail

The Kudos Over-Bath Shower Panel with integrated shower rail delivers the ultimate protection from water spillage. Its robust construction makes it ideal for use with the most powerful shower systems and its stylish and attractive design will complement any bathroom.

The bowed rail provides increased elbow room and pushes the shower curtain against the bath which helps prevent the curtain billowing and clinging to the bather.

### Features & Benefits:

+ 8mm toughened glass with Lifeshield™ protection

+ Fixed panel at 1500mm high x 350mm wide

+ Reversible for left or right hand fixing

+ 20mm wallpost adjustment for out-of-true walls

+ Bowed rail for greater space and comfort

+ Lifetime Guarantee

# shower tray
## Collection

All structures are only as good as the foundations on which they are built and that is never more true than with shower enclosures. But despite this the choice of shower tray is often overlooked with more time spent focusing on the shower door or screen. The fact is that correcting an issue with an enclosure is relatively easy but if a fault develops with the tray it is often a major problem. So choosing the right shower tray is the single most important decision you can make when creating your dream shower.

The Kudos range of shower trays are designed in-house, manufactured in our own UK factories and have a reputation for outstanding quality and value for money. They provide the perfect foundation for the perfect shower and are backed by the Kudos Lifetime Guarantee for complete peace of mind.

**Features & Benefits**

+ Available in 3 finishes
+ 2 designs to choose from
+ Acrylic capped ABS surface material
+ 20mm adjustment on each wall post
+ Made in Britain
+ Lifetime guarantee

Connect2 high gloss quadrant shower tray

SHOWER TRAYS

# connect**2**

## Shower trays

The stunning looking connect2 is a uniquely designed shower tray featuring two offset waste positions that ensures an obstruction free connection. Whether square, rectangular or quadrant - whatever the size, the connect2 tray will allow you to connect the waste fitting without the need to reposition joists or raise the tray onto a plinth.

**High Gloss**

The high gloss acrylic capped ABS skin is durable as well as being resistant to impact damage and staining.

**SR Finish - Slip & Stain Resistant**

connect2 SR Trays feature the latest development in surface material which exceeds all EU standards for barefoot bathing. The slip resistant properties are embedded in the material, rather than a coating on the surface, meaning it cannot be removed and is comfortable to stand on. The textured surface provides a high level of stain resistance ensuring that your tray maintains a pristine appearance throughout its lifetime

**Slate Effect**

connect2 slate effect trays feature an exclusive surface pattern taken directly from a piece of local slate for a truly authentic finish whilst maintaining the features and benefits of the acrylic surface material. It is both slip and stain resistant and also contains an anti-microbial additive to inhibit the growth of microbes including bacteria and mould.

## Features & Benefits:

+ Available in three finishes:
  - High Gloss
  - SR finish (slip and stain resistant)
  - Slate effect

+ Unique design avoids the need to cut joists or lift the tray onto a plinth

+ Guaranteed to work with all standard joist sizes and spans

+ Structural resin bonded stone filler for increased stability

+ Super slim at only 35mm high

+ Supplied with a reinforced colour matched waste cover that is magnetically secured, comfortable underfoot and is easily removed for cleaning

+ Covered by the Kudos Lifetime Guarantee

Connect2 high gloss quadrant shower tray

Connect2 SR white shower tray
# connect**2**
## Shower trays

The unique design of the connect2 tray ensures obstruction free waste connection irrespective of joist position or direction.

connect2 trays are supplied with a high flow waste and a blanking plug secured with solvent weld (not supplied) to block the unused waste hole.

connect2 trays are supplied with a stylish colour matched linear waste cover, magnetically secured and reinforced for comfort and stability underfoot.

Whether square, rectangular or the quadrant - whatever the size, the connect2 tray will allow you to connect the waste fitting without the need to reposition joists or raise the tray onto a plinth.

Where joists run parallel to the width of the tray, at least one hole will always be clear.

Where joists run parallel to the length of the tray and both holes are obstructed, simply turn the tray 180°. The unique offset position will ensure both will become free.

With the unique connect2 design even Quadrant and the Kudos unique Full Curve shape trays have the ability to avoid joists.

# A revolution in shower tray design

## Waste Locations

**Square & Rectangular shower trays**

Position of waste holes relative to the centre of each tray. **All sizes: A - 95mm   B - 100mm**

**Quadrant & Full Curve shower trays**

Position of waste holes in relation to the 90° angle corner.

**All sizes: A - 336mm   B - 142mm   C - 275mm**

# Kstone
## Shower trays

Manufactured in our own UK factories and covered by a lifetime guarantee, Kstone trays are made from the highest quality materials with a structural resin bonded stone filler to provide incredible stability.

Kstone shower trays are available in rectangular, square, quadrant and offset quadrant shapes - in a wide range of sizes.

### Features & Benefits:

+ Available in both High Gloss and SR Finish (slip and stain resistant)
+ Slim design at only 45mm high
+ Structured resin bonded stone filler for increased stability
+ Suitable for 90mm waste (supplied separately)
+ Extensive range of shapes and sizes available
+ Covered by the Kudos Lifetime Guarantee

**High Gloss Shower Trays**

The high gloss acrylic capped ABS skin is durable as well as being resistant to impact damage and staining.

**Slip Resistant  Shower Trays**

Kstone SR Trays feature the latest development in surface material which exceeds all EU standards for barefoot bathing. The slip resistant properties are embedded in the material, rather than a coating on the surface, meaning it cannot be removed and is comfortable to stand on. The textured surface provides a high level of stain resistance ensuring that your tray maintains a pristine appearance throughout its lifetime.

SHOWER TRAYS

# A universal method to raise your shower tray

## Creating a Fascia Panel

**Straight Edge (Square & Rectangular) Trays**

A Fascia panel can be created using a moisture resistant material (not supplied) which can then be painted, tiled or alternatively covered with a Kudos Acrylic Decorative Fascia Cover to match the tray material.

**Quadrant, Curved & Bow Fronted Trays**

Fascia panels for Full Curve or Bow Fronted trays require a flexible moisture resistant material such as marine plywood, which can either be painted, tiled with mosaics or covered with a Kudos Decorative Acrylic Fascia Cover to match the finish of the tray.

**Creating a Fascia Panel for Kudos Quadrant Trays**

The shape of Quadrant trays require the Fascia board material to be manufactured with machined cuts to enable the plinth to follow the shape of the tray. Kudos Quadrant Fascia Board is pre-machined for this purpose.
This can then be painted, tiled or covered with a Kudos Acrylic Decorative Fascia Cover.

### Fascia Covers

| *Description | Product Code |
|---|---|
| Decorative Acrylic Fascia Cover 1200mm High Gloss Finish | 168653 |

**\* All of the above are 150mm high**

## Essential for Connect2 Trays

140mm Hole cut to suit waste location

18mm Moisture resistant board (not supplied)

Kudos adjustable legs positioned in accordance to tray size

Moisture resistant board for plinth  (not supplied)

Optional Kudos Decorative Acrylic Fascia Cover to match tray

140mm Hole cut to suit waste location

18mm Moisture resistant board (not supplied)

Kudos adjustable legs positioned in accordance to tray size

Machined Flexible Plinth Fascia Board

Optional Kudos Decorative Acrylic Fascia Cover to match tray

**Note:** In all cases the Acrylic Decorative Fascia Cover is not to be used without a suitable Fascia board. Sand and cement is still required between the tray and board, please refer to the instructions

## Shower Tray Leg Sets

All Kudos Shower Trays are designed to be fitted to either a wooden or concrete floor and should be fully supported. Leg height can be adjusted from min 88mm to max 172mm..

**Description & Codes**

| Description | Product Code |
|---|---|
| Leg Set Pack of 5 for trays under 1200mm in length | 165246 |
| Leg set pack of 9 for quadrant and trays 1200mm and over | 163872 |

## Kstone Plinth Kits

Kstone shower trays can be raised off the ground using our leg set and plinth kits.

Raising the tray can help to simplify the installation process as it provides easier access to the wastedrain and pipe. Please see installation instructions for a step by step guide

**Plinth Kits & Leg Sets**

| *Description | Product Code |

| Plinth & Leg Set (up to 1000mm) | KSPK100T |
| Plinth & Leg Set (1000mm - 1200mm) | KSPK120T |
| Plinth & Leg Set (1400mm - 1700mm) | KSPK170T |
| Plinth & Leg Set (Quadrant) | KSPQT |

* Leg packs include clips to mount the fascia to. Standard high gloss finish only

## FLEXI SEAL
### for a perfect, watertight finish.

Flexi-Seal fits between the edge of the tray and any abutting wall. It provides a flexible seal behind the tiles or wall panels avoiding any issues caused by potential grout or silicone failure.

Flexi-Seal uses a combination of durable flexible rubber with a waterproof butyl based adhesive to give maximum protection where the shower tray meets the wall.
As the rubber is flexible, it will maintain a watertight seal whilst allowing for a certain amount of movement that is inevitable, particularly in new builds.

## Shower decks and wet-room system

Practical and sophisticated, it's easy to understand why there has been an increase in the number of wet-room installations. Space enhancing and easy to clean, these spa-like bathrooms represent the ultimate in luxury.

Kudos showers have long led the way in simplifying the installation of wet-rooms, with the iconic aqua4ma system having been installed in 1000s of UK homes, the installation process has been further simplified with the introduction of the aqua4ma Evolution wet-room system.

Versatile, reliable and backed by the Kudos lifetime guarantee, aqua4ma evolution and aqua4ma linear decks ensure that you will be able to find the wet-room foundation that is perfect for you.

### Features & Benefits

+ Quick and easy to install
+ Easily trimmed to fit or to avoid joist obstruction
+ Suitable for tiles, vinyl* and micro-cement
+ Fit anywhere in the home on wooden or solid floors (see installation guide for full details)
+ Ready for tiling immediately with no wet trades required
+ Floor and wall panels for a total wet-room installation

*Please order vinyl specific waste

ultimate recess: 1 panel, 1 x matt black wall post, 1 x matt black front panel fixing kit, 1 x aqua4ma evolution centre waste deck

## Panels

## Wall & Floor Panels

The aqua4ma range of wall and floor panels allow you to create a water tight space that meets your requirements. aqua4ma panels provide the versatility and peace of mind you're looking for.

aqua4ma panels are available in 4 thicknesses: 7mm, 15mm, 19mm (for use with aqua4ma linear only) and 25mm. With either 2 or 3 panels in a pack (with the exception of 25mm which are available in either singles or a 2 pack), the panels measure 1200 x 800mm providing a square metre of coverage. As with aqua4ma shower decks the shower panels are easily trimmable and can be fitted to either floor or walls using either screws or flexible tile adhesive as appropriate.

**aqua4ma 7mm panels**

Perfect for creating a fully waterproof floor, aqua4ma 7mm panels can be used (on top of plywood as necessary) to create level access by raising the floor to the same level as the deck ready for tiling. The 7mm panels can also be affixed to solid walls to create watertight walls.

**aqua4ma 15mm panels**

The 15mm tongue and grooved panels can be screwed directly to battens in place of plasterboard and, as the material self seals around screws, no washers or additional sealing is necessary. The above illustration shows how the 15mm panels can be used to box in pipe work as necessary too.

**aqua4ma 19mm panels**

For use with the aqua4ma linear decks, the 19mm panels can be used to create level access when using Aqua4ma linear. The panels are the same depth as the deck allowing you to extend the waterproof are quickly and easily, simply bond the joins with aqua4ma solvent weld for a fully watertight floor.

**aqua4ma 25mm panels**

For use with the aqua4ma evolution decks, the 25mm panels can be used to create level access when using aqua4ma evolution. The panels are the same depth as the deck allowing you to extend the waterproof are quickly and easily, simply bond the joins with aqua4ma solvent weld for a fully watertight floor.

You can use these 25mm panels to make a seat, for shelving, for boxing or any structure you wish to create! Simply solvent weld and screw the panels together and to the aqua4ma wall/ floor panels.

AQUA4MA WETROOMS

# bespoke
## Showering solutions

Our extensive range of products cover a vast array of showering solutions with an unrivalled selection of over-bath screens, enclosures and shower panels.

However, on occasions a standard sized product just will not suit the situation, in which case our Bespoke Service may be able to help. Many products within the Kudos range can be tailor made to meet your requirements, whether it is a one-off special size shower door, a shaped panel to accommodate a sloping ceiling or a special design enclosure or bath screen for a housing development or hotel.

Whilst not all products can be made to measure we will apply our knowledge and expertise to try and provide you with a solution that meets your needs.

Our bespoke design team can produces showering solutions that are tailor made to your requirments.

# A flexible, innovative, approach to over-bath showering.

## *Signature* by KUDOS

## Made to measure bespoke shower enclosures built by our expert engineers to your specifications

If you're converting loft space, a small room with sloping or low ceilings or simply looking for something a little bit different, then our bespoke service 'Signature by Kudos' may be what you're looking for.

A number of products within the Kudos collection can be tailor made to meet your requirements, available in either chrome or matt black finishes with a number of glass options, our team of experts will work with you to try and provide you with a solution that meets your requirements.

**\*Glass Colour Options**

Satin Frosted        Bronze Tint

Smoke Grey

*Despite every effort to provide accurate images of each product's colour and design, actual colours and design may vary slightly,

## How it works...

**Step 1:**

Contact your Kudos Retailer who will send us a rough drawing of what you're trying to achieve and/or the space available, we will let you know if we are able make something suitable and provide you with a guide price.

**Step 2:**

If you wish to proceed further we will require accurate drawings of the space available, for a small cost we can offer a measuring service, alternatively you can provide your own measurements.

**Step 3:**

Once final measurements have been received we will provide an engineering drawing, a final price and an estimated delivery date.

**Step 4:**

The next stage is for you to sign off the drawings, at this stage a deposit, payable to your chosen Kudos retailer, will be required.

**Step 5:**

Once your product is ready we will arrange for delivery and if you have opted for the supply and fit option our engineer will schedule an installation date.
