## R2 taps & showers

At R2 we like to think we know a thing or two about bathrooms - we've been designing them for over 40 years.

Founded in the beautiful City of Bath, we have an in-house team of experienced product designers and an excellent reputation for customer service.

We know value is important to you but that shouldn't be at the expense of good design.

So when choosing the perfect finishing touch for your R2 bathroom, look no further than R2.

# taps & showers innovation, design & reliability

We are committed to developing stunning designs at affordable prices. Combining quality materials with progressive manufacturing techniques, each design has been carefully developed to bring style and functionality to your bathroom.

We understand our customers' needs and have created a collection offering a complete, economical solution for every bathroom, including mini basin mixer options as well as coordinating bath fillers and bath shower mixers.

Furthermore, when you purchase an R2 tap or shower you have the reassurance of a comprehensive 10 year guarantee which also covers the cartridge. How's that for peace of mind?

# taps features

Whether eco water-saving factors are foremost in your mind or you require your tap to work at low pressure, we have a number of suitable choices. Furthermore, when you purchase an R2 tap you have the reassurance of a comprehensive 10 year guarantee which also covers the cartridge.

## save water in the bathroom

Our optional regulators are an easy, cost effective way to help save water in the bathroom. Simple to install, the regulators can be used with selected R2 taps to reduce your water consumption and so help save money too.

# taps range selector

Take a look at our R2 tap collection overview. We have included a tap from each range showing the variety of styles available. From contemporary to transitional and classic, you're sure to find a tap design to suit your bathroom.

## Tap water pressure

We have designed a range of taps which are compatible with most systems. Some taps are high pressure (HP) products and will only work with high pressure systems, such as combi boilers. Our low pressure taps (LP) are also suitable for high pressure (HP) systems. For further information see page 90.

## Optional flow regulators

Regulate the flow of water through your R2 tap. Our flow regulators will give you the feeling of great water flow, but will actually reduce your water consumption and so help save you money too. For more information see page 90.

## customer service

It's not only our products we're proud of - customer service is important to us too.

We've built an excellent reputation for customer service over almost 40 years of business. By choosing R2 you can be assured of the very best support for your product.

## quality & service

As one of the UK's largest suppliers of bathroom products, we set very high standards in design, manufacture and service. We also invest heavily in product improvement and innovation to ensure complete customer satisfaction.

R2 taps & showers are covered by a 10 year guarantee, which extends to include the cartridge. Shower accessories are covered by a 5 year guarantee.

Damaged parts will be replaced with a spare part where possible, complete exchanges will only be made where it is not practical to do so.

We reserve the right to amend specifications at any time if an opportunity to further improve the product occurs. All dimensions quoted are within reasonable tolerances.

Guarantees are for domestic use only and are not transferable.

## pricing

All prices quoted are inclusive of Value Added Tax at 20% but will be charged at the rate applicable on the date of despatch. We cannot be held responsible for any errors or omissions to products or prices.
