ZONE[®]

Zone delivers exacting thermostatic water delivery for both bath fill and showering to create a safe, all-round bathroom solution, whilst maximising space due to the seamless design and finish.

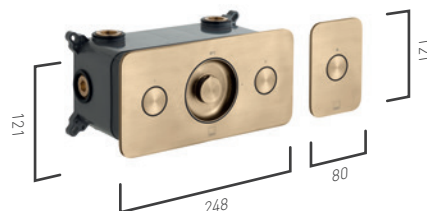

- Patent pending technology for a truly sleek aesthetic; the only TMV without protruding temperature controls.
- Engaging and intuitive operation via all brass, push button controls; quality you can see and feel with every use.
- Precision engineered to provide impeccable water temperature blending, ensuring the safety of all users for the perfect experience every time.
- Temperature control encircled by an ergonomic recess, to gently guide users onto the tactile, linear knurled dial for total connectivity and operation.
- Discreet, 4mm button projection whilst in use and a slim 6mm blackplate to maintain the clean aesthetic.

Zone has been designed with ease of fit, function and performance in mind, starting from the moment the installer opens the box to when the valve is ready to use.

Simplify your daily bathing routine with the push of a button.

SHOWERING

A separate on/off push button module to control additional outlets, can be installed away from the main valve to create a personal and tailored bathing experience unique to you.

An indulgent bath, at your preferred temperature, is just a push of a button away.

BATHING

Zone is available in a choice of vertical and horizontal formats, and is compatible with all VADO bathing and showering products.
