NEW - Tapa Beige Concrete Effect Rectified 600x600

tapa concrete

Introducing Tapa Concrete, the epitome of industrial chic for interior walls and floors. Crafted from rectified porcelain, these tiles authentically replicate real concrete, welcoming a refreshing atmosphere that's both timeless and contemporary. With a durable porcelain construction and rectified edges, they offer a seamless finish that exudes sophistication. The replication of concrete, coupled with their natural matt finish, adds to their appeal, while the versatile size options allow for creativity. With three distinct colours available, it's easy to achieve a personal style.

Featured: Riad - Grey

Featured: Sahn - Green

riad and sahn

Inspired by traditional zellige tiles typical of Moroccan guest-houses, this indulgent collection stands out for its vivid colour palette and artisan, handcrafted appeal.

Manufactured from white body ceramic, a collective of 10x10 wall tiles are offered across nine distinctive hues each available in two finishes. Riad displays an intense gloss finish emphasised by the uneven surface texture, whilst Sahn pursues a chic, matt facade.

This rich variety of shades can also be enhanced further, we recommend combining both Riad and Sahn together in coordinating colourways to produce a highly tactile composition for your interiors.
