## Britton Bathrooms

Your bathroom has to be many things. Practical, easy to maintain and long-lasting; but also comfortable, inviting and relaxing, and a reflection of your own personality, tastes and sense of style. All this in a space that can range from the intimate to the imposing. It's quite the ask - and Britton provides the answers.

Britton offers a wide range of collections for the whole bathroom including ceramics, brassware, furniture, baths, showers and accessories. The different collections allow you to spend a little more here, save a bit there, and make your budget go further.

Above all, Britton lets you create a space that looks and feels just the way you want it to. The perfect bathroom you've always imagined.

# Stylish ceramics that last a lifetime.

Visually and practically, your ceramics – the basin and toilet – are the focal points and central elements of your new bathroom.

Britton has a huge range of ceramics to suit your space, budget and the look and feel you want your bathroom to have. We have basins and WCs across our collections, giving you a wide range of styles and price points to choose from. All our ceramics are made from high-quality materials and backed by our lifetime guarantee.

Gloss White

## Colour

Choose from four colours: Cherry Wood Grain Effect, Earthy Green, Matt Black and Gloss White. All designed to make an impact in your space.

## Furniture Carcass

Hackney drawer and shelving units are supplied fully assembled and ready to install. Materials are responsibly sourced and feature PU adhesive bonded edges so more resistant to humid bathroom conditions. The carcass and drawer fronts are 18mm thick.

## Drawers

Hackney drawers are constructed from hard-wearing HPL board, with genuine Hettich runners featuring full extension and smooth pull to open soft close operation. Drawers have a concealed handle pull, 25kg weight capacity and include two-way adjustment.

## Worktops

Carrara or Marquina marble effect worktop options are available to pair with your Hackney unit from 500mm to 1200mm. Pair these stunning worktops with a choice of countertop basins to make a real impact in your bathroom.

## Basins

If you prefer the classic look of a dedicated basin unit, you can choose our white ceramic basin in 500mm, 600mm or 700mm. These basins are produced from white glazed vitreous china to match the white of Britton toilets.

## Customise your storage!

Hackney furniture offers modular solutions for those who want to personalise their storage unit. By combining our drawer unit (available in 500mm, 600mm or 700mm) with our 200mm shelving unit and worktop options (available in 500mm to 1200mm) you can create your own perfect solution. Earthy Green

## Colour

Choose from four luxurious colours in a Matt finish; Warm Beige, Dusty Blue, Frosted White and Earthy Green. All designed to make an impact in your space.

## Worktop

A Carrara marble effect worktop option is available to pair with your Camberwell unit across all three sizes. Pair this stunning worktop with a choice of countertop basins to make a real impact in your bathroom.

Carrara White

## Drawers

Camberwell drawers are constructed from solid wood and operate a soft-close pull to open effect with a full extension making them easier to access inside. The top drawer has a cut out for waste services and drawers have a two-way adjustment, both horizontally and vertically. The furniture units also include a drawer base lock which prevents accidental jumping off the runners. They have a 25kg weight capacity and each of the three units are designed as a double-drawer option with radius edged drawer fronts creating a softer more stylish appearance.

### Countertop Basins

You can choose from any of our countertop basins, see page 55, which can be paired with the Carrara marble effect worktop.

### Cast Marble Basin

To create your preferred aesthetic, you can opt for an integrated cast marble basin in either of the three sizes in a softly shaped design. These basins are produced from mineral composite and are 75% dolomite stone and 25% resin bonders which produce a basin with outstanding durability and high resistance to thermal and impact shock. External surfaces are covered with Nano coat which is also used to coat the surface of yacht hulls and wind turbine blades. The high gloss white finish is as close as is possible to the white of WCs.

### Handle Options

Camberwell has a choice of three handle finishes; Chrome, Matt Black and Brushed Brass. These simple but elegant handles can be purchased separately to coordinate with your brassware and accessories in your chosen bathroom scheme.

### Wall Hanging System

The Camberwell furniture units have a 70kg weight capacity on a solid wall with concealed fittings to enhance the look and feel. The units have a three-way adjustment - up, down and sideways and confirm to BS EN 15939 (strength, durability and load testing).

### Furniture Carcass

The Camberwell furniture units are supplied fully assembled and ready to fit. The units are produced from recycled materials with all wood materials PEFC compliant and all edges use PU adhesive so more resistant to humidity and water in the bathroom. Each come with a 16mm vanity carcass and 19mm drawer front with drawers calibrated at the factory during the quality checks.

# Dalston Furniture

Compact and competitively priced, Dalston is available in two sizes, and is particularly well suited to smaller bathrooms. It's available in four colourways with one drawer and a handless design. A corresponding ceramic basin is also available in both sizes.

## Size

The Dalston unit is available in two sizes; 500mm and 600mm in a single drawer configuration, providing you with ample space to store away bathroom essentials.

Matt Blue

Matt White

Matt Grey

Golden Oak

## Colour

Choose from a range of four colours in a Matt finish; Golden Oak, White, Grey and Blue. For a bolder look opt for the Matt Blue in 500mm size. For a timeless classic look select from one of the more muted tones.

## Drawers

Dalston drawers are constructed from melamine wrap board and operate a soft-close effect, adding to the feeling of luxury in multiple ways, thus preventing the slamming of drawers and therefore offering protection to your bathroom furniture enhancing the aesthetic of your furniture when the drawer is open.

## Solid Construction

Dalston furniture has been meticulously designed specifically for the bathroom environment and fully assembled in our factory to ensure easy, quick installation and robust construction. Each unit is manufactured in high quality 16mm MFC board, sourced from sustainable forests and all joints secured with PUR glue, increasing water resistance and guaranteeing superior strength, so you can be sure your bathroom will continue to perform and maintain its look for years to come.

# Cleargreen baths

The bath is the largest single item in your bathroom, so it has to be right. Britton offers a wide selection to choose from, in a wide range of designs, shapes and sizes to suit your space perfectly - all made in our exclusive high-strength Cleargreen format.

## Quality

All of our baths utilise high quality materials throughout including:

- Only 3mm LUCITE™ acrylic sheet for the bath moulding, a leading material which is naturally slip-resistant
- Floor-mounted leg fixings which provide a stable base and are adjustable to cope with uneven floors
- A strong baseboard made of recycled material which is fully encapsulated into the bath
- All British and European performance standards when installed in line with our instructions
- A long guarantee of 10 years for Cleargreen baths

## Range

We classify our baths into their design styles:

**Single ended** baths have the backrest at one end and the taps opposite.

**Double ended** baths have a backrest at both ends with the taps in the centre of the long side.

**Unique baths** - The Viride offset and the Saturn back to wall bath, both designed for those wanting a real showstopper in their bathroom.

## Design

We design all our baths to maximise comfort while in use. Our bath rims are designed to be narrower than other producers, to maximise internal space while retaining a smaller footprint.

# Viride

## offset

This offset bath is available in either right or left handed options. The soft curves give this bath a contemporary feel and allows the piece to blend into its surroundings.

# Shower trays

ZAMORI

■ LIFETIME ■

GUARANTEE\*

## Flexible installation

### Option 1

Placed flat on the floor

The thin Zamori trays are only 35mm high which gives a modern, minimalist appearance to even the simplest and most cost effective installation method.

### Option 2

Level to the floor

The low 35mm height allows the tray to be sunk into the floor so that the upper surface is level with the floor. The framed rim still allows good water retention to avoid water escape.

### Option 3

Raised above the floor

Zamori offers optional adjustable legs and panel sets for raising the tray 100mm above the floor. The packs include removable acrylic side panels to match the shower tray. These are held in place by magnetic clips to ensure maintenance is easy.

## Reinforced trays

All our trays are manufactured from Acrylic sheet and incorporate our patented steel reinforcing frame. This is formed to be the exact shape of each tray and ensures rigidity for a lifetime of use. The trays are flat on the under-surface; this makes installation and levelling very easy.

## Anti-bacterial

All Zamori shower trays are impregnated with an anti-bacterial zeomic agent.

One of the amazing qualities of silver is that it has inherent anti-microbial properties - Zamori has added the silver-based anti-bacterial additive Zeomic into the manufacturing process. The anti-microbial qualities protect against harmful bacteria and suppress mould growth.

- 1) The silver ions from Zeomic impregnate the microbe surface and are then absorbed by the cells through active transfer.
- 2) The silver ions react with several metabolic enzymes within the metabolic system of the microbes.
- 3) The activity of these enzymes is hindered and the growth of microbes is inhibited.

## Anti-slip

Zamori anti-slip is simply the finest available.

Our anti-slip trays comply with DIN51097 class C - the highest anti-slip rating.

We are the only manufacturer to thermo bond the Swiss Grip Antislip onto the tray with a curing process - to ensure better performance for a cleaner and longer lasting surface.

DIN51097 class C anti-slip ramp test.

## Vortex turbo waste

Our shower waste is a 90mm diameter high flow Vortex Turbo waste designed to fit all our trays. This ensures that the water flows out at up to 30 litres per minute, making the Zamori shower waste one of the most efficient available - suitable for high volume showering applications.

The waste incorporates an easy-clean removable filter to capture any hair or other objects to remove the risk of blocking.

The waste is supplied with a solvent weld adaptor for different waste pipe sizes.
