the finest fittings for exceptional bathrooms

EDITION 8
SEPTEMBER 2023

TailoredBathrooms

the finest fittings for exceptional bathrooms

GUARANTEES

Many of our products are covered by 1, 2, 3 or 5 year guarantee, if not stated, all others are covered by 12 month replacement guarantee. All claims will require proof of purchase and evidence of issue.

This does not cover accidental damage, improper use or negligence and must be installed by a qualified plumber in domestic setting only.

These guarantees do not cover general wear and tear or poor installations and consequential losses will never be covered.

For full Guarantee information please visit our website.

None of the above affect your statutory rights.

At Tailored Bathrooms, we source products from all over the globe, ensuring that we are bringing our customers the best product with affordability, design and quality at the forefront of our vision.

We work tirelessly with our partners bringing new and improved products to our range at every opportunity.

Our customers can rest assured that any product entering our range has undergone rigorous life cycle testing and due diligence before being brought to market.

Where applicable our products conform to the relevant UK & European Certification & Standards.

RAIL BAR TIS2151

Anthracite, Black & White

Why aluminium?

Very Energy Efficient

Not only will less gas be used in the process of heating your radiators, our aluminium radiators also use a particularly low amount of water inside them. Less gas, less water and cheaper energy bills as a result.

A fantastic reason for switching over to aluminium radiators!

Highly Conductible

Aluminium is great for heating up quickly, a lot faster than the cast iron or steel alternatives.

Eco Friendly

Can be made from recycled materials & then re-recycled again once it's time to replace. A great eco-friendly option.

Flexible & Durable

With industrial grade properties, they will last longer than alternative materials without degrading & the added flexibilities allow for great designs during manufacturing.

Super BTU...

The BTU on the aluminium Hampden is **2766**, with the equivalent Queenstown steel rad having a BTU of 2005.

Aluminium is great for heating up quickly, a lot faster than the cast iron or steel alternatives.

Rise & fall hinge

0

Inside the bath or shower. Must have a minimum rating of IP67 and must be low voltage (12V max).

1

225cm above the bath or shower. Minimum rating of IP44. If the fitting is 240V a 30 ma RCD must also be used to protect the circuit in this zone.

2

The area stretching to 60cm outside the bath or shower and 60cm from water outlet of sink. An IP rating of at least IP44 is required.

FIRST DIGIT	INTRUSION PROTECTION	SECOND DIGIT	MOISTURE PROTECTION
0	No protection.	0	No protection.
1	Protected against solid objects over 50mm, e.g. accidental touch by hands.	1	Protected against vertically falling drops of water, e.g. condensation.
2	Protected against solid objects over 12mm, e.g. fingers.	2	Protected against direct sprays of water up to 15 degrees from the vertical.
3	Protected against solid objects over 2.5mm, e.g. tools & wires.	3	Protected against direct sprays of water up to 60 degrees from the vertical.
4	Protected against solid objects over 1mm, e.g. wires & nails.	4	Protected against water splashed from all directions, limited ingress permitted.
5	Protected against dust limited ingress, no harmful deposits.	5	Protected against low pressure jets of water from all directions, limited ingress permitted.
6	Totally protected against dust.	6	Protected against strong jets of water, e.g. on ships deck, limited ingress permitted.

All Mirrors & Cabinets are compliant to BS:7671:2018 , EN:60598-1:2015/A:2018, EN:60598-2-1:1989, EN62493:2015.

Our 2 Pin Shaver Sockets Conform to BS:4573”

Please note products with an Infrared sensor must be installed with a minimum of 200mm between the sensor and any solid or reflective surface.

Guarantee Information

Many of our products are covered by 1, 2, 3 or 5 year guarantee, if not stated, all others are covered by 12 month replacement guarantee. This does not cover accidental damage, improper use or negligence and must be installed by a qualified plumber in domestic setting only. These guarantees do not cover general wear and tear or poor installations and consequential losses will never be covered.

For full Guarantee information please visit our website None of the above effect your statutory rights.

We have a vision to combine high quality, luxury design and affordability. With experience in bathrooms, importing and quality assurance you can be assured that our product quality and service is outstanding.

Our products are developed and manufactured to strict quality standards and where applicable has relevant UK/EU Certification obtained. We aim to offer our customers outstanding value and quality to match!

Errors & Omissions

Prices may be subject to manufacturers price increases, prices were correct at time of print September 2023 but can be amended without prior notice.

Due to Tailored Bathrooms constant R & D improvements we reserve the right to amend product design and withdraw at any time. All Colours in this brochure are as accurate as possible where printing process allows.

Prices

The prices within this brochure are correct at time of printing and supersede all previous pricing.

Goods are invoiced at price on date of despatch. Prices are inclusive of VAT and are subject to being amended without notice.

Measurements

All dimensions given by drawing or text are for guidance only, these are nominal and supplied unless otherwise stated in millimetres.

Care & Cleaning

For all our products it's as simple as warm soapy water and a microfibre cloth!
